

Update from Penns Woods Winery

At this time of unrest, Penns Woods Winery is taking measures to control the safety and health of our customers and staff.

We want to provide our customers with a relaxing and enjoyable environment, however, we are in a time where we need to take extra precautions and do our part to minimize the spread of the COVID-19.

What Penns Woods is doing directly:

- We have made hand sanitizer readily accessible throughout our tasting room for our staff and customers to use.
- As always, we completely sanitize all surfaces of our establishment at the beginning, throughout, and at the end of each day.
- We have enhanced our cleaning practices and are using products recommended by the CDC to actively kill germs and viruses.
- To minimize the possibility of cross contamination, we have switched to disposable utensils and are using paperware when possible.

We advise you to please follow the suggestions of the CDC (Center for Disease Control) and WHO (World Health Organization) that you stay at home if you begin to feel unwell, even with mild symptoms such as headache or runny nose. If you are feeling symptomatic in any way or have recently traveled outside the country, we urge you to stay home. We will not be enforcing any cancelation fees.

Please follow or continue to monitor our social media for our most up-to-date announcements regarding COVID-19.

Cheers,

Gino & Carley
